

Town Center Force Main Replacement Phase 2

PROJECT DATA

Owner:
El Dorado Irrigation District

Project Type:
Wastewater

Project Duration:
2017-2018

Construction Value:
\$500,000

Inspection:
ICM Group, Inc.

Designer:
Domenichelli & Associates

Contractor:
Weber Construction

Project Overview

This project involved the installation of approximately 4,530 linear feet of new 10" sewer force main, two combination air vent assemblies of varying configuration, two 4" blow-offs, reconnecting two pumped service connections, and abandonment of the existing 8" AC sewer force main and appurtenances.

Services Provided

ICM provided inspection services which included inspection of construction materials and methods, verification of construction quality, and resolution of field issues. This Project was completed on time and on budget.
