

Auburn Boulevard Pipeline Project

Project Data

Owner:
Citrus Height Water District

Project Type:
City Improvements and Street
Widening Project

Project Duration:
Sept. 2012 to Feb. 2013

Construction Value:
\$3.4 Million

CM / Inspection:
ICM Group, Inc.

Designer:
Mark Thomas, Inc.

Contractor:
Teichert Construction

PROJECT OVERVIEW

The project consisted of the installation of 8 and 6 inch ductile iron pipe water main replacement on Auburn Blvd. from Antelope Rd. to Sylvan Corners. Work included commissioning of new pipeline sections, abandonment of existing pipelines and hydrant and commercial service relocations.

SERVICES PROVIDED

ICM Group, Inc. provided inspection services for Citrus Heights Water District, for all water distribution system improvements. Services included inspection of construction materials and methods, chlorination and pressure testing, coordination and updates for City's construction manager and review of change orders and progress payments.
