

## Sonora Way and Hanson Avenue Pipeline Projects

### Project Data

**Owner:**  
Citrus Height Water District

**Project Type:**  
Pipelines

**Project Duration:**  
Feb 2015 to May 2015

**Construction Value:**  
\$350,000

**Inspection:**  
**ICM Group, Inc.**

**Designer:**  
Citrus Heights Water District

**Contractor:**  
Rawles Construction

### PROJECT OVERVIEW

The project consisted of the installation of 8 and 6 inch PVC pipe water main replacement on Sonora Way and on Hanson Avenue in Citrus Heights. Work included potholing, excavation, pipe installation, backfill, and disinfection, and commissioning of new pipeline sections. Work also included new service connections; installation of fire hydrants, valves, and ARVs; and abandonment of existing pipelines.

### SERVICES PROVIDED

ICM Group, Inc. provided inspection services for Citrus Heights Water District, for all water distribution system improvements. Services included inspection of construction materials and methods, coordination and updates for City's construction manager and review of change orders and progress payments.
