

Construction Management And Inspection

City of Folsom - Crestridge Lane Water Main

Project Data

Owner:
City of Folsom

Project Type:
Water Pipeline

Project Duration:
October 2015 – May 2016

Construction Value:
\$706,000

CM / Inspection:
ICM Group, Inc.

Designer:
Peterson Brustad, Inc.

Contractor:
Rawles Engineering

PROJECT OVERVIEW

The Crestridge Lane Water Main Replacement Project involved the installation of 1,230 linear feet of 8 inch C900 pipe and 46 water meters and service connections. The water main was successfully installed in deep excavations, through cobble, in a tight neighborhood environment.

SERVICES PROVIDED

ICM Group, Inc. provided construction management and inspection services. Our resident engineer verified construction quality, resolved field issues, and reviewed change order requests, project schedule, and submittals. Our inspector provided daily construction inspection and documentation of construction conditions. ICM also provided material testing and administrative services.
